PENDELTON TO MAKE ADDRESS

Before Hazelrigg Bible Class Next Sunday Morning on War in Prophesy.

Mr. Dwight L. Pendleton, a prominent member of the Winchester bar and one of the most profound students of the Bible in the State, will address the Hazelrigg Bible Class, at the Christian church, this city, next Sunday morning.

Mr. Pendleton's lecture is entitled "War in Prophesy" and everywhere he has delivered it it is claimed to be a wonderful compilation of scriptural authorities in support of his belief that the present world conflict is predicted in the Book of books. The class will meet at 9:30 o'clock and Mr. Pendleton will begin his lecture promptly at 9:45 and will consume about an hour in its delivery. The members of all other Bible classes of the city, as well as the public generally, are cordially invited to hear Mr. Pendleton, with the assurance that they will be richly repaid in so doing.

MT. STERLING BOYS IN UNITED STATES NAVY

Mr. Sterling has a number of boys in Uncle Sam's Navy. Frank Stephenson, son of Capt. and Mrs. J. H. Stephenson, has been a member for ten years and is now the highest non-commissioned officer on board the Texas. Mr. Clyde Stephenson, a brother, joined the navy at Lexington Saturday. Chas. Smathers, son of Mr. and Mrs. Will Smathers, is now on board the Michigan, which is one of the ships comprising the first line of defense on the Eastern coast. Earl Thompson, son of Mrs. J. Thompson, is a member of the crew of the Delaware. Mr. Richard McLearn, known to everyone in this city as "Monk," joined the navy several months ago but we were unable to ascertain on which vessel he is now serving.

DISTINGUISHED VISITOR

Dr. A. L. Leonard, of Chicago, Ill., arrived in this city Friday night to visit his sister, Mrs. Riddle, and niece, Mrs. Ben W. Hall, on West Main street. Dr. Leonard has for years been one of the leading physicians of Chicago and has just retired from practice, as he is now 81 years (young) as he expressed it.

The Doctor has been spending the winter in the sunny South, where in 1861 he was the Editor of the Madison Democrat of Louisiana.

Despite his age he is still strong and vigorous in mind and body, and takes great pleasure in recounting many anecdotes of the stormy times before the war. He said, "this is my first visit to the South in 56 years. I was at Tallulah when Jeff Davis came up the river by steam boat en route to Montgomery to take the oath of office as president of the Confederacy. I also heard him speak at Vicksburg."

Dr. Leonard knows many national characters personally. He was a printer on the old Cincinnati Commercial in 1854, owned by Murt Hallstead, and set type on the Enquirer when Whitelaw Reid was river reporter on that paper. "I set up Whitelaw's copy," he said. He is a personal friend of 'Uncle Joe' Cannon. I took lunch with him in Champaign, Ill., some months ago. I am very fond of Joe. 'Doc,' he said to me, 'I am very fond of your medicine, but do—your policies.' Politics is the only thing Joe and I disagree about. You know I am a Democrat. The doctor is very much interested in the world war he has traveled extensively in Europe, and says he fears the future, but has no doubt that but we will come out victorious, and that this world's war will see the end of the crowned heads of Europe.

CORD RE-ELECTED

At a meeting of the trustees of the Cynthiana High School, held Saturday, Prof. R. I. Cord, the present Principal, was re-elected for a term of three years and his compensation fixed at \$2,250.00 a year.

Prof. Cord, though a very young man, has made rapid strides in his chosen profession and is now regarded as one of the leading educators in the State. His many friends here, where he formerly lived, will be glad to know of his success and will watch his career with interest.

UNITED STATES IS NOW AT WAR

Senate By Vote of 82 to 6 and House By Vote of 373 to 59 Calls Nation to Arms.

Since our last issue the United States has entered the great world war and has formally declared that a state of war exists between this country and Germany. President Wilson has striven for peace for a long time and has permitted our flag to suffer many indignities at the hands of Germany but when the ruthless submarine warfare was declared he then went before Congress and asked authority to use the armed force of our nation to make them respect our rights. Immediately after the passage of the war proclamation, which appears on another page of this paper the full strength and power of this nation has been set in motion and steps toward increasing the army and navy are being pushed as rapidly as possible.

The vast scope of the Administration's plans for a war army and navy has been revealed after a military budget of \$3,400,000,000 to finance the war for one year, approximately as follows:

For the War Department, \$2,952,537,933.

For increasing the authorized strength of the navy to 150,000 men and the Marine Corps to 30,000 men, \$175,855,762.

For other necessary expenditures for the naval establishment at the direction and discretion of the President, \$292,538,790, and for the Coast Guard, so that it may perfect and bring to a high state of efficiency its telephone system of coastal communication, \$600,000.

A bond issue, increased taxation, including higher taxes on estates, large incomes, whisky, beer, tobacco and new methods of taxation probably will be resorted to to raise the huge amount.

Unofficial estimates to the Federal Reserve Board are to the effect that the banks of the Federal reserve system are in a position to absorb to \$2,000,000,000 of war bonds at once at a rate of interest not exceeding 3½ per cent.

The new army bill calls for the immediate recruiting of the regular army and national guard to their full war strength, about 750,000 men, and calling of all national guard units into Federal service.

Increase of the present authorized war strength of the regular army and National Guard by about 25 per cent, to provide an armed force at once of about 1,000,000 men, by compulsory service if voluntary recruiting fails.

Increasing by compulsory recruiting in increments, to about 2,000,000 men within two years.

All new enlistments, it is planned, shall be for the term of the war with Germany.

TO ORGANIZE HOME GUARDS

Men of City Will Be Given Opportunity to Receive Drilling and Instructions.

Mr. Sterling will not be without military protection if the plans of a number of young men in this city materialize. It is their intention to organize a Business Men's Training Corps. The object is twofold, to afford military training to men who, if needed later, can enlist to serve their country or will be available in case the local authorities need their services.

No one is under any obligation to join the regular army or will any severe restrictions of any kind be imposed. It is the object of those who have charge of the movement to simply get all the men available to take military training. Sergeant McQueeney, a retired army officer; Mr. Robert Nelson, graduate of K. M. I., and Mr. W. H. Strossman, Jr., who has taken a special military course and has been training the High School boys for some time, will have charge of the drilling and instructing of those who join. A meeting will be held at the Courthouse in this city Wednesday night beginning at 7:30 and everybody is invited to be present. It is not the intention or desire of those in charge of this movement to interfere with the recruiting of the regular United States Army. Quite a number of men have already signified their intention of joining.

CHURCH ENTERTAINMENT

The usual Easter program, rendered by the Mission Band of the Christian church last Sunday night attracted a crowd that filled the building in spite of the inclement weather. A short missionary play, showing some of the objects and work of the Mission Band was presented entitled "Dorothy Indifference's Dream," in which each child took part with great credit. Vocal solos by Misses Frances Kennedy, Alma Cox and Elizabeth Strossman and a violin solo by Evelyn Prewitt are deserving of special mention.

The church was attractively decorated with flags, ferns and flowers, and with the bright faces of the children made a beautiful picture. Much credit is due Mrs. George R. Snyder, who is the leader of the Mission Band, and her capable assistants, Miss Eliza Harris and Mrs. William Oldham, for the success of the evening's entertainment.

WILL HAVE FINE STOCK

Mr. J. M. Hutsell will have at the head of his stud this year the famous stallion, Rall's King Emerald. He will also have the fine Percheron stallion Rollo. Mr. Hutsell has four fine jacks in his barn and will make a public season with the fine jacks Ben Henry and Mark Hendrix. Advertisement for this stock will be found in our issue of next week.

FISCAL COURT PROCEEDINGS

At an adjourned meeting of the Montgomery Fiscal Court, held Saturday, contract was let to Messrs. W. R. Tipton and G. M. McAlister for the crushing of stone to be used in the work on the Paris and Levee turnpikes, with state-aid, at the price of ninety-five cents a ton and as these gentlemen have but one crusher outfit, the court ordered work done on the Levee pike first, but both pikes are to be improved this year as far as the state-aid money will go.

The County Road Engineer, Mr. W. F. Horton, was ordered to materialize about 2,500 feet beyond Jeffersonville, at what is known as the Pratt hill, using as far as it will go, the subscription list filed by citizens living on same agreeing to do the hauling from the cars without cost to the county; the improvement of the Maysville pike from Judy to the Bath county line was referred to the County Road Engineer.

The sum of \$1,500 was appropriated on the Hinkston pike and five cars of crushed stone each allotted to the Grassy Lick pike, the Spence pike and the Prewitt and Thomson Station pike, the citizens living on same agreeing to do the hauling from the cars without cost to the county; the improvement of the Maysville pike from Judy to the Bath county line was referred to the County Road Engineer.

The sum of \$300 per annum was appropriated to assist the Health and Welfare League, in the support of a resident nurse.

WORK AGAIN STARTED

ON CITY STREETS

The Carey-Reed Company, of Lexington, has again started work on the streets of this city and have a force of men at work digging out for the curb and gutter on West High street. It seems this street is to be blockaded before the other streets are completed as we have been informed the company's machine for laying the asphalt will be in Maysville until sometime in May completing a job started there last fall. If this be true it will be bad news to the merchants of this city who run delivery wagons, especially.

PROMINENT FARMER DIES

Final Summons Comes to Mr. James Harvey Henry at His Home Thursday Night.

Death came and relieved from his suffering Mr. James H. Henry, aged 63, at his home in this county last Thursday night. Mr. Henry had been at home for only a few days from Johns Hopkins Hospital where it was ascertained that he was afflicted with cancer of the stomach. His suffering had been intense for several weeks. Mr. Henry was a man of strong convictions and steadfast purpose. He was a member of the Somerset Christian church and had been for many years "Jim Harvey," as he was familiarly called by his many friends, was an upright, honorable man and the news of his death was received with sorrow.

He is survived by his wife, who was Miss Sallie Denton before her marriage and four children, Dr. H. H. Henry, of Winchester; Mr. John D. Henry, Miss Ada Henry and Mrs. Loring Turley, of this county, and the latter of this city, survive. Besides these he is survived by the following brothers and sisters: Mr. Priest Henry, Col. W. D. Henry, Mrs. Taylor Flanders, Miss Mollie Henry, Mrs. Jas. K. Denton, Mrs. B. P. Jeffries and Mrs. George Tout.

Funeral services conducted by the Rev. T. H. Bowen Saturday afternoon at Somerset Christian church, with burial in Machpelah cemetery. The Advocate extends sympathy to the bereaved family.

ENTHUSIASTIC MASS MEETING

The mass meeting as announced in the Advocate last week was held at the Court House Thursday night and so great was the crowd that many were unable to get in the building. Rev. Clyde Darsie of the Christian church opened the meeting with prayer. Mayor C. K. Oldham then stated the object of the meeting and announced that the Committee had selected Mr. Chas. D. Grubbs as Chairman of the meeting. Mr. Grubbs had just started speaking when he was taken suddenly ill with an attack of acute indigestion. Col. A. W. Hamilton was then called on to preside. The audience sang the "Star Spangled Banner" and the cheering was prolonged when two pretty girls at the closing line of the song stepped forward and stretched before the audience an immense American flag. There was great handclapping and cheering when Strossman's Guards in military dress marched into the building and took positions around the wall of the auditorium. Attorney John A. Judy then introduced with appropriate remarks the resolutions which appear in this article. Prof. W. O. Hopper made a short speech seconding the adoption of the resolutions as also did Father Edward Rohrer, Rev. M. V. P. Yeaman, and Attorney W. C. Hamilton. Mr. Webster P. Huntington, in a stirring, enthusiastic speech, seconded the motion to adopt the resolutions and warmly approved the course the President and Congress had adopted and gave the Kaiser a scolding that brought the crowd to its feet yelling in hearty approval of his remarks. During the speech of this talented gentleman enthusiasm ran high. At the conclusion of his remarks he made a motion to send the following telegram to the President:

To the President,
Washington, D. C.

The people of the city of Mt. Sterling and Montgomery county, Kentucky, in mass meeting assembled, this day unanimously adopted resolutions earnestly approving your course relative to the foreign relations of the government and your message to Congress relative to the war forced upon this nation by the German Imperial Government. blood and treasures to the support of the national government in this war. CHAS. D. GRUBBS, Chairman

A rising vote was taken on the resolutions which were passed unanimously. After singing "America" the meeting adjourned.

The following resolutions were adopted:

Resolutions Adopted.

Whereas, the Congress of the United States, in conformity with the recommendation of the President, has declared that a state of war exists between the German Imperial Government and the Government of the United States; And, wherefore, the declaration was preceded by acts of the German Imperial Government against the government and people of the United States constituting a state of war and extending throughout the course of the European conflict, including acts of piracy, wanton murder and conspiracy against the foundation of this republic, during the progress of which the government and people of the United States exhibited a national patience toward the common enemy of mankind unprecedented in the history of the world and indicating our desire for peace to all nations;

And, whereas, the war with Germany, thus forced upon us, is a war for the ultimate peace of the world and the establishment of republican institutions among all enlightened peoples;

Therefore, be it resolved: That we, the people of Mt. Sterling and Montgomery county, Kentucky, in mass meeting assembled, hereby fervently approve the course necessarily pursued by the American Congress as above indicated and endorse and express our patriotic admiration of the message of President Woodrow Wilson leading to said action, affirming it to be a contribution to the literature of American statesmanship unsurpassed in the expression of American principles since the foundation of the government.

Resolved, that in accord with the history and tradition of the people of Kentucky in all the wars in which the nation has been engaged, we pledge to the successful prosecution of the present war our resources, our lives and our sacred honor, and to the President and the Congress all moral and material aid for the discharge of the momentous tasks which now confront them.

Resolved, that we condemn in unmeasured terms that group of "willful Senators," who have used the power of their office to aid the cause of Germany; especially do we condemn W. J. Stone, of the State of Missouri, who claims the State of Kentucky as his birth-place, and who, by his conduct in using the power of his office to stifle the will of the people, has caused every true Kentuckian to regret that such a man can claim this State for his birth-place; and we call upon the Senate of the United States to remove him as Chairman of the Foreign Relations Committee.

Resolved, that we command to all the people of Mt. Sterling and Montgomery county moderation in their attitude toward our loyal American citizens of German birth or descent, believing them entitled to our confidence and sympathy in the test of blood and affiliation which has now come to them. We bear no hostility toward the German people in the Fatherland or in this country but affirm our purpose to be their redemption from oppression abroad and a closer fellowship with them at home, as consequences of American and allied victory in this war.

Resolved, that we command to the people of this city and county the

586.8 Miles

Through the Heart of Chicago in 24 Hours

A Typical Chalmers Performance

At 12 noon, Monday, March 26, a stock Chalmers seven-passenger touring car with first and second gears removed, was started north on Michigan Boulevard through Chicago traffic.

At noon Tuesday, March 27, the Chalmers was stopped at the starting point. It had gone 586.8 miles through Chicago's densest traffic. The motor had never been stopped. Nothing but high gear was used.

To prove conclusively Chalmers flexibility on high gear, the low and intermediate gears were removed from the transmission.

The car was a standard Chalmers seven-passenger touring model, complete with standard body, top and full equipment. The same model you can buy today.

An average of slightly over 14 miles per gallon of gasoline was attained, an excellent example of Chalmers economy.

586.8 miles, through the famous congested Chicago "loop" district, is a wonderful feat. This performance on high gear is even more wonderful. It is without an equal.

It is an endorsement of the motor. It proves Chalmers reliability. It demonstrates Chalmers cooling. It shows Chalmers flexibility and perfect control. It is a new achievement.

A condensed summary of the signed certificate issued by the Contest Board of the American Automobile Association, under whose supervision the test was made, is reproduced below.

THIS IS TO CERTIFY that the Chalmers seven-passenger car above mentioned was a fully equipped stock car. It was driven for 24 hours through Chicago traffic. Only high gear was used. The motor was never stopped during the run. The mileage obtained was 586.8 miles. The gasoline consumption was an average of slightly over 14 miles per gallon.

Chairman Contest Board, American Automobile Association.

Some Other Chalmers Achievements

Chicago to New York

On June 7, 1916, a Chalmers stock car shattered all existing road records between Chicago and New York, making the run of 1047 miles in 31 hours. The best previous time was made by a Packard driven by E. C. Patterson, whose time was 35 hours 43 minutes.

Giant's Despair Mountain Climb

On October 6th, 1916, a Chalmers captured the free-for-all event at the Wilkes-Barre hill climb on Giant's Despair mountain, winning the \$1,000 Hollenbeck Trophy and defeating four 12-cylinder cars, several well-known racing creations

and many of the highest-priced and highest-powered American cars.

Wins Pike's Peak Climb

August 11, 1916, a Chalmers carried off first honors in the 230 cubic inch class on the terrific grades of Pike's Peak in Colorado. Its time was within a few seconds of much higher-powered, and specially built machines.

Detroit to Indianapolis

On June 12, 1916, the Chalmers set a new record over the roads between Detroit and Indianapolis, 305 miles, making the trip in eight hours, 23 minutes.

Atlanta to Chattanooga

June 24, 1916, a Chalmers lowered all records between Atlanta and Chattanooga. The distance of 125 miles was covered in 3 hours, 53 minutes. This is faster than the time of the Dixie Flyer, the fastest railroad train of the south.

Dallas to San Antonio

Another famous train—the Katy Limited—was beaten by a Chalmers between Dallas and San Antonio. The Chalmers made the run in 9 hours and 22 minutes, 1 hour and 33 minutes faster than train time.

ORATORICAL CONTEST

The annual contest held under the auspices of the Blue Grass Oratorical Association, took place at the Court House in this city March 30th. Delegations came from Paris, Frankfort and Lexington, which three cities, together with Mt. Sterling, compose the association.

Good speeches were made by all the contestants and it was really difficult for the judges to decide upon the winner, but the representative from Frankfort was finally awarded the handsome gold medal, which is given annually by Mrs. Samuel Roberts, of Lexington.

The colored people deserve great credit for the excellent work being done in their schools and should be given every possible encouragement, both moral and financial.

Quite a number of white citizens attended the contest and were loud in their commendation of the efforts put forth by the principals of the various colored High Schools to train their pupils in every branch that has a tendency to make of them better citizens.

Sheriff's Sale

By virtue of an Execution No. 318, directed to me, which issued from the Clerk's office of the Montgomery Circuit Court, in favor of I. F. Tabb against Wm. Guilfoile, I, or one of my Deputies, will, on Monday, the 16th day of April, 1917, between the hours of 1 o'clock p. m. and 2 o'clock p. m., at the Court House door in Mt. Sterling, Montgomery County, Ky., expose to public sale, to the highest bidder, the following property, or so much thereof as may be necessary to satisfy Plaintiff's debt, interest and costs, to-wit: I, house and lot situated in the city of Mt. Sterling, Kentucky and bounded as follows: On the East by the property of Mrs. W. C. Moore, on the South by East High street, on the West by Colored Christian church property and T. F. Rogers, on the North by the property of N. H. Trimble.

Amount of debt, interest and costs, \$87.43.

Levied on as the property of Wm. Guilfoile and will be sold subject to mortgage held by Joe Drennon, recorded in Montgomery County Clerk's office.

TERMS: Sale will be made on a credit of three months; the purchaser to execute bond, with approved security, to have the force and effect of a Replevin Bond.

Witness my hand this 27th day of March, 1917.

WAR PROCLAMATION

The war proclamation signed Friday by President Wilson reads as follows:

"Whereas, Congress of the United States, in the exercise of the constitutional authority vested in them, have resolved by joint resolution of the Senate and House of Representatives bearing date this day that a state of war between the United States and the Imperial German Government, which has been thrust upon the United States, is hereby formally declared."

"Whereas, it is provided by Section 4067 of the Revised Statutes as follows:

"Whenever there is declared a war between the United States and any foreign nation or Government, or any invasion or predatory incursion is perpetrated, attempted or threatened against the territory of the United States by any foreign nation or Government, and the President makes public declamation of the event, all natives, denizens or subjects of a hostile nation or Government being male of the age of 14 years and upward who shall be within the United States and not actually naturalized, shall be liable to be apprehended, restrained, secured and removed as alien enemies."

"The President is authorized in any such event, by his proclamation thereof or other public acts, to direct the conduct to be observed on the part of the United States toward the aliens who become so liable; the manner and degree of the restraint to which they may be subject and in what cases and upon what security their residence shall be permitted and to provide for the removal of those who, not being permitted to reside in the United States, refuse or neglect to depart therefrom; and to establish any such regulations which are found necessary in the premises and for the public safety."

Proclaims State of War.
"Whereas by Section 4,068, 4,069 and 4,070 of the revised statutes, further provision is made relative to alien enemies:

"Now, therefore, I, Woodrow Wilson, President of the United States of America, do hereby proclaim, to all whom it may concern that a state of war exists between the United States and the Imperial German Government, and I do specially direct all officers, civil or military, of the United States that they exercise vigilance and zeal in the discharge of the duties incident to such a state of war, and I do, moreover, earnestly appeal to all American citizens that in loyal devotion to their country dedicated from its foundation to the principles of liberty and justice, uphold the laws of the land and give undivided and willing support to those measures which may be adopted by the Constitutional authorities in prosecuting the war to a successful issue and in obtaining a secure and just peace:

"And, acting under and by virtue of the authority vested in me by the Constitution of the United States and the said sections of the revised statutes:

"I do hereby further proclaim and direct that the conduct to be observed on the part of the United States towards all natives, citizens, denizens or subjects of Germany, being male of the age of 14 years and upward, who shall be within the United States and not actually naturalized, who for the purpose of this proclamation and under such sections of the revised statutes are termed alien enemies, shall be as follows:

Conduct of Alien Enemies.
"All alien enemies are enjoined to preserve the peace towards the United and to refrain from crime against the public safety and from violating the laws of the United States and of the States and territories thereof, and to refrain from actual hostility or giving information, aid or comfort to the enemies of the United States and to comply strictly with the regulations which are hereby or which may be from time to time promulgated by the President and so long as they shall conduct themselves in accordance with law they shall be undisturbed in the peaceful pursuit of their lives and occupations and be accorded the consideration due to all peaceful and law-abiding persons, except so far as restrictions may be necessary for their own protection and for the safety of the United States and towards such alien enemies as conduct themselves in accordance with law, all citizens of the United States are enjoined to preserve the peace and to treat them with all such friendliness as may be compatible with loyalty and allegiance to the United States."

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

in which there may be invisible writing;

"(3)—All property found in the possession of an alien enemy in violation of the foregoing regulations shall be subject to seizure by the United States;

"(4)—An alien enemy shall not approach or be found within one-half of a mile of any Federal or State fort, camp, arsenal, aircraft station, Government or naval vessel, navy-yard, factory or workshop for the manufacture of munitions of war, or of any products for the use of the army or navy;

Must Sheathe Pens.

"(5)—An alien enemy shall not write, print or publish an attack or threat against the Government or Congress of the United States or either branch thereof, or against the measures or policy of the United States or against the persons or property of any person in the military, naval or civil service of the United States or of the States or territories or of the District of Columbia or of the municipal governments therein;

"(6)—An alien enemy shall not commit or abet any hostile acts against the United States, or give information, aid or comfort to its enemies;

"(7)—An alien enemy shall not reside in or continue to reside in, to remain in or enter any locality which the President may from time to time designate by an Executive order as a prohibitory area in which residence by an alien enemy shall be found by him to constitute a danger to the public peace and safety of the United States except by permit from the President and except under such limitations or restrictions as the President may prescribe;

"(8)—An alien enemy whom the President shall have reasonable cause to believe to be aiding or about to aid the enemy or to be at large to the danger of the public peace or safety of the United States or to have violated or to be about to violate any of these regulations, shall remove to any location designated by the President by Executive order and shall not remove from the United States if so required by the President;

Restrictions on Departure.

"(9)—No alien enemy shall depart from the United States until he shall have received such permit as the President shall prescribe or except under order of a court, Judge or Justice, under Sections 4069 and 4070 of the revised statutes.

"(10)—No alien enemy shall land in or enter the United States except under such restrictions and at such places as the President may prescribe;

"(11)—If necessary to prevent violation of the regulations all alien enemies will be obliged to register;

"(12)—An alien enemy whom there may be reasonable cause to believe to be aiding or about to aid the enemy, or who be at large to the danger of the public peace or safety or who violates or who attempts to violate or of whom there is reasonable grounds to believe that he is about to violate any regulation to be promulgated by the President or any criminal law of the United States, or of the States or Territories thereof, will be subject to summary arrest by the United States Marshal or his deputy or such other officers as the President shall designate and to confinement in such penitentiary, prison, jail, military camp or other place of detention as may be directed by the President.

"This proclamation and the regulations herein contained shall extend and apply to all land and water, continental or insular, in any way within the jurisdiction of the United States."

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the city of Washington, this sixth day of April, in the year of our Lord, one thousand nine hundred and seventeen, and of the Independence of the United States the one hundred and forty-first.

HEALTH LEAGUE

APPROPRIATION

The City Council at its regular meeting last Tuesday passed a resolution appropriating \$150 annually for the Montgomery County Health and Welfare League and the Fiscal Court yesterday agreed to appropriate \$200 annually at its special meeting Saturday for the League. This action on the part of the two municipal governing bodies insures the permanency of the community nurse and is endorsed by all taxpayers.

MERCHANT'S WIFE ADVISES MT. STERLING WOMEN

"I had stomach trouble so bad I could eat nothing but toast, fruit and hot water. Everything else soured and formed gas. Dieting did no good. I was miserable until I tried buckthorn bark, glycerine, etc., as mixed in Adler-ka. ONE SPOONFUL benefited me INSTANTLY." Because Adler-ka empties BOTH large and small intestine it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. W. S. FORMER LOCAL BOY WEDS

Mr. William Lyons and Miss Bertha Dorman, both well known young people of Lexington, motored to Winchester, Monday, April 2, and were married at the home of the officiating minister, Elder J. W. Harding. The news of the wedding will be learned here with much interest. Mr. Lyons is the only son of Mr. and Mrs. O. E. Lyons, of Lexington, formerly of this city, and was born and lived here until a few years ago when his parents moved to Lexington. He is associated with his father in the hardware business in that city. Mr. Lyons is well known in Blue Grass social circles and is a frequent visitor to the family of his grandfather, Mr. G. W. Elkin, in Mt. Sterling. His bride is the charming daughter of Mr. and Mrs. J. R. Dorman, of Lexington, and enjoys wide popularity in Central Kentucky. Many old friends here will join in tendering best wishes.

JUDGE NOT

The Government is asking all its citizens to exercise great caution in questioning the loyalty of any fellow-citizen of foreign birth or whose parents were foreign born. The necessity and wisdom of this request are becoming more obvious daily. All last week it was currently reported that a prominent German citizen of Louisville and several German business men of Lexington had been arrested and punished for alleged disloyalty. In every instance, we are glad to say, investigation has proven the rumors to be totally groundless.

So long as the war was confined to European countries, it was not strange that such men in America would sympathize with the Fatherland. In fact, there was nothing more natural than that they should and they were well within their legal rights in doing so, but upon the entry of the United States into the conflict, these same men immediately pledged allegiance to the country of their choice and adoption.

Such untrue stories are calculated to do much mischief, as well as irreparable injury to one's business and social standing and ought not to be circulated indiscriminately. We know of a number of similar local instances of slander of men whom we would not hesitate to trust implicitly, should the occasion arise, to exonerate themselves with more credit to their country than some who are busily engaged in the circulation of such idle stories about them.

It is repeatedly said that Mt. Sterling is the very best business city to the square foot in the South, and seldom is this statement questioned; then be a booster. Everybody be boosters, for what the city is so is the county and adjoining territory.

"Be a booster if you can,
Booster of your fellowman.
Boost your project, boost your state,
Boost your town at any rate,
Boost it as a place to live,
Boost it—every boost you give
Makes the town a better town.
Boost it up, don't knock it down.
Be a booster—for you can;
Boosting is the better plan.
Boosters always win ne'er-a-lose;
Boost the knockers to their shame.
Boost 'em when they need your help.
Make 'em yell instead of yelp.
Boost them till they have to boost;
Boost them up, or off the root."

Opportunities are at our very doors, they are passing. Be boosters. Seize the opportunities, be relentless. Let them pass? Never! BOOST!

The Woman's Missionary Society and the Y. W. A. of the Baptist church held an all-day meeting at the church on April 6th. Mrs. G. W. Perrymann, of Winchester, was present and made two splendid addresses. A program, furnished by local societies, included fine papers on the following subjects: "The First Woman's Missionary Society, Foreign Missions, Home Missions, Mountain Schools, Church Building Fund, Judson Centennial Fund, W. M. U. Training School, Stewardship, How My Society Can Help Our Church, Paul at Athens and Personal Service." Then our organization from W. M. U. to Sunbeams had a representative who gave a short account of their work. Fourteen new members were secured to our Dollie Club, which is to be used in paying our part on the \$150,000.00 new training school now in course of erection at 334 E. Broadway, Louisville, Ky. A good crowd was present, who enjoyed the program, and a delicious luncheon was served at noon.

Outstanding! In every community the name *Certain-teed* stands conspicuously for quality, good value, satisfaction, and fair dealing.

Certain-teed Paints and Varnishes

get their quality from the character of materials used in their manufacture and from the exactness with which they are mixed.

The formula of ingredients printed on the label shows honestly and unmistakably the real worth of the paint. Modern, up-to-date machinery eliminates the uncertainties of mixing by hand and insures absolute conformity to the experts' printed formula.

The price of **CERTAIN-TEED** Paints and Varnishes is based on the most favorable manufacturing, distributing and selling costs, plus a margin of profit smaller than is generally customary. This low price

would not be possible if we had to depend upon an exclusive paint organization to market our paints and varnishes.

CERTAIN-TEED Paints and Varnishes are guaranteed to give satisfaction. This guarantee is backed by the enormous resources of the **Certain-teed** Products Corporation.

Whether you do your own painting or employ a professional painter your interests will be best served if you insist upon getting **CERTAIN-TEED** Paints and Varnishes.

Any good dealer can sell you CERTAIN-TEED Paints and Varnishes. If he doesn't carry them in stock, he can get them for you.

Certain-teed Roofing

For factories, office buildings, farm buildings, garages, etc., **CERTAIN-TEED** is the efficient roof. It costs less to buy, less to lay, and less per year of life. It is light-weight, clean, sanitary, weather-proof, and fire retardant. For further information, send for our free booklet which has all the advantages of **CERTAIN-TEED** Roll Roofing, plus artistic beauty. **CERTAIN-TEED** is guaranteed for 5, 10 or 15 years, according to thickness (1, 2 or 3 ply). UNDER CIVIL SERVICE

President Wilson has removed from politics 10,217 postmasters of the first, second and third classes. In a blanket executive order he directed that these postal appointments in the future be made in accordance with the fitness and qualifications of the applicants, to be determined by a civil service examination and not on the recommendation of members of Congress. As a result of President Wilson's order, practically the entire post-office machinery is now under the civil service. The general impression that the first and second and third class postmasters, as the result of this executive order, have a life-long grip on their positions is correct. It was explained by Post-office Department officials that incumbent postmasters who have no records of efficiency may be instructed to resign and their places filled by men who are known to be qualified to handle the postal business under the civil service rules to be made later. In this connection it was said that most of the present postmasters have records of efficiency and will not be disturbed, but there are some postmasters who have not handled their offices satisfactorily to the department and they will be removed unless their work shows improvement.

"TO HELL WITH THE PEOPLE"

We are not mincing words in this article, but are stating facts exactly as we see them, without fear or favor.

"To hell with the people," seems to be about the attitude of both labor and capital. And, being of the people ourselves, we object.

By the skin of our teeth we have just missed a disastrous railroad strike—missed it because the railroads themselves bowed to the demands of the brotherhoods as the country totters on the brink of actual war.

The railroad executives declared they would fight to a finish before they would surrender to the demands of the brotherhoods. In turn the brotherhood chiefs swore they would paralyze the railroads of the country in order to win their point.

In vain did the press and people of the country urge mediation, compromise, postponement, anything to avoid the calamity of a strike. But the pleadings of the people, the prospect of untold suffering, even the national danger itself fell upon deaf ears.

It was a case of "to hell with the people," with both sides joining in the chorus.

But when the emissaries of the president of the United States disclosed the national peril to the contestants, the railroad presidents threw up their hands and granted the demands of the brotherhoods, granted them because they knew the government would seize and operate the roads if they did not grant them.

It will cost the roads approximately \$100,000,000 a year, but this will not come out of the pockets of the railroad corporations. No indeed! The people themselves will pay the freight in the shape of increased charges on their freight.

We are not championing the cause of the railroads, nor are we pleading the cause of the brotherhoods, but we ARE asking for justice for the people, for those who foot the \$100,000,000 bill. But where that justice is coming from we don't know.

Every where we turn it seems to be just a plain case of "to hell with the people."

Capital disregards them, labor disregards them, and even Congress disregards them—after the vote is cast.

Prices are mounting up by leaps and bounds. Living conditions are becoming intolerable, and no one seems able to call a halt.

We have a Congress which is sent to Washington to make laws that will insure just and equitable treatment for all of our people—

Do You Want a Non-rusting Guarantee with Your Cream Separator

Suppose you wanted some knives and forks, and we offered you a set made of iron, tin-coated—also a set of **SOLID NICKEL SILVER**, non-rusting. The price was the same for either set.

Would there be any question that you would take those of **SOLID NICKEL SILVER**?

Perhaps we can't supply solid Nickel Silver knives and forks, but we can supply you with something equally important—that is, A skimming device of Solid Nickel Silver sections in your Cream Separator instead of just common tin-steel.

We absolutely guarantee these Nickel Silver sections for all time against rust; so you not only have our guarantee, but the manufacturer's guarantee to both of us.

See if you can find this tremendously important feature in any other Cream Separator. If you cannot, then buy

THE UNIVERSAL CAR

320,817

Have been built and actually delivered to retail buyers since August 1, 1916.

These figures—320,817—represent the actual number of cars manufactured by us since August 1, 1916, and delivered by our agents to retail buyers.

This unusual fall and winter demand for Ford cars makes it necessary for us to confine the distribution of cars only to those agents who have orders for immediate delivery to retail customers, rather than to permit any agent to stock cars in anticipation of later spring sales.

We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing Ford cars. If, therefore, you are planning to purchase a Ford car, we advise you to place your order and take delivery now.

Immediate orders will have prompt attention.

Delay in buying at this time may cause you to wait several months. Enter your order today for immediate delivery with our authorized Ford agent listed below and don't be disappointed later on.

FORMER MT. STERLING GIRL WEDS

Announcement of the marriage at Oklahoma City, Okla., on Saturday, March 17th, of Miss Ethel P. Glover, to Mr. Robert N. Jones has been received by friends here. The bride is a daughter of the late Chas. G. Glover, had lived in this city until the removal of her parents to Oklahoma about twelve years ago. The groom's home is in Boston, Mass., but he is now traveling in the South, and they will make their future home in Oklahoma City. The news is of much interest here.

Keep Well
Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

Thedford's

Black-Draught

Mrs. W. F. Pickle, of Rising Fawn, Ga., writes: "We have used Thedford's Black-Draught as a family medicine. My mother-in-law could not take calomel as it seemed too strong for her, so she used Black-Draught as a mild laxative and liver regulator. We use it in the family and believe it is the best medicine for the liver made." Try it. Insist on the genuine Thedford's. 25¢ a package.

A YEAR TO PLANT THINGS

"If America goes to war," says the Boston Transcript, "it will have no time to bother with a 'food crisis.' And in truth, there is no more occasion for a food crisis, or a food scarcity, in the United States of America, in peace or war, than there is for an oxygen famine on the summit of Mount Washington. In one year, this country could, if it would, produce food enough to feed all the world, including China. We are amazed, nowadays, at the way in which Germany has stood the test of an almost complete dependence on her own resources in war. But do the people of America realize that the cornfield of the United States—the land devoted to the maize crop alone now, or the area which might be devoted to it without taking an acre of ground away from any other food grain or from the needed pastures—is larger than the whole extent of Germany?

"Our wheat field is larger than England. Our pastures are greater than the area of Germany and Austria and France together. And not more than one-half the land which might be devoted to the raising of food is cultivated for food. Cotton, tobacco, we can eat them down; corn we must have. But if we are hard pressed now in certain lines of food supply, it is actually and truly because of abundance of resources, because our capabilities are so great, so boundless that no one has ever considered that they would not be adequate to every emergency. We have had so great a food-field that we have not stopped to plant it. We have not considered our food—only our money, and the chance to make it.

"But the time has come to think about it. We are no doubt the Egypt of the world—the land to which all others can and do come for food—but before Egypt feeds the world, it must feed itself; nor must it cease to feed the world. On the face of the earth now, twenty million men are removed from productive toil; they are destroying, not increasing, the world's resources. Many more millions of men than that are at work keeping the fighters for civilization supplied with the munitions of war. The fields of France are ploughed with bomb shells instead of with the implements of peace. England can never produce her own corn. And now we may have to stand side by side with these nations, millions of our own with guns in their hands, and feed these of our own as well as the others whose cause of liberty is our cause, too.

"In the springtime of 1917, with an immense emergency confronting us, it is the duty of every man and woman to turn farmer. Parks, lawns, meadows, scrub-land, should all be planted. The other day a woman reader of the Transcript wrote to us, and sent the proof of what she had written, that in her back yard in Roxbury, by planting two ten cent packets of vegetable seeds and four pounds of seed potatoes, she had grown in that back yard not only all the vegetables she had need of in her household, but had sold thirty dollars' worth of vegetables, including \$6.30 worth of new potatoes in their season.

"And America is the home of that most wonderful of all food plants, Indian corn. The land which gave this plant to America never meant that there should be a 'food crisis' here. Corn will produce four times as much as wheat
